

# Lower Appomattox River TMDL 2<sup>nd</sup> Public Meeting After the TMDL ...?

Department of Conservation & Recreation

CONSERVING VIRGINIA'S NATURAL & RECREATIONAL RESOURCES

# TMDL Process (3 parts)

- TMDL development
- Implementation Plan development
- Implement the plan

# Steps after EPA Approval

- Develop Implementation Plans
- Implement **Best Management Practices**
- Continue stream monitoring

# Implementation Plan Development

- DCR has lead for NPS TMDL implementation plans
- Implementation Plan development is required by state legislation
- DCR, DEQ, VDH and other state, federal and local agencies will coordinate on plan development

# Implementation Plan Development

- 
- Implementation Plan prepared locally
  - Stakeholders will have the opportunity to participate in the plan development
  - DCR's IP Guidance Document

# Watershed Plan Integration

- 
- Multiple water quality programs and activities
  - Each has specific geographical boundaries and goals
  - TMDL implementation will be coordinated with other plans
  - Chesapeake Bay 2000 Agreement – small watershed plans
  - Tributary Strategies
  - Local Comprehensive Plans
  - Etc.

# Potential Funding Source\$

- For best management practices (BMPs) selected during Implementation Plan development:
  - ♦ USDA Programs - CREP/EQIP
  - ♦ WQIA projects
  - ♦ Section 319 Funds
  - ♦ State Revolving Loan Funds
  - ♦ Cost-Share Program
  - ♦ Tax Credits
